## INDEPENDENT AUDITORS' REPORT

To the Board of County Commissioners  
Rio Grande County, Colorado  
Del Norte, Colorado

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Rio Grande County, Colorado (the County), as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the County, as of December 31, 2013, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 11 and 33 through 35 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining nonmajor fund financial statements and the Local Highway Finance Report are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining nonmajor fund financial statements, the Local Highway Finance Report, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements, the Local Highway Finance Report, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 23, 2014, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**Rio Grande County  
Management's Discussion and Analysis  
For the Year Ended December 31, 2013**

As management of Rio Grande County, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the year ended December 31, 2013. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this section.

**Financial Highlights**

- λ The County's financial status remained basically the same over the course of the year ending December 31, 2013. Total net position decreased 0.2 percent disregarding the adjustments made for GASB 34 infrastructure reporting.
- λ General revenues, primarily taxes, account for approximately \$4,758,698 or 28.6 percent of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions, accounted for \$11,893,255 or 71.4 percent of total revenues of \$16,651,953.
- λ The County had \$16,688,053 in expenses related to governmental activities; only \$11,893,255 of these expenses was offset by program specific charges for services and grants.
- λ Outlays for capital assets were primarily comprised of a van for the Assessor's Office, a pickup for the Sheriff's Department, a grader, 2000 gallon fuel tank, and four electronic road message signs for the Road & Bridge Department, a vehicle for the Social Services Department, a sprayer for the Weed Control District and the installation of runway lights and an AWOS system for the Airport.
- λ The County has long-term debt to fund the addition and remodeling of the Jail. Rio Grande County entered into an annually renewable Lease Purchase Agreement with San Luis Valley Federal Bank. This Lease Purchase Agreement is for \$2,500,000 with a 20-year payout schedule at 4.5%. The first payment was paid in 2006.
- λ Through an energy audit, the county entered into a Lease Purchase Agreement on November 20, 2012 with All American Investment Group, LLC in the amount of \$367,062 for the purchase and installation of energy efficient components in various county buildings. This is a ten-year agreement with the first payment being made in 2013.

**Overview of the Financial Statements**

This annual report consists of three parts: management's discussion and analysis, the basic financial statements, and supplementary information. The basic financial statements include:

- λ The first two statements are government-wide financial statements that provide both short-term and long-term information about the County's overall financial status.
- λ The remaining statements are fund financial statements that focus on individual parts of the County, reporting the county's operations in more detail than the government-wide statements.
- λ The governmental funds statements tell how basic services were financed in the short-term as well as what remains for future spending.

**Rio Grande County  
Management's Discussion and Analysis (Continued)  
For the Year Ended December 31, 2013**

- λ Fiduciary funds statements provide information about the financial relationships in which the County acts solely as a trustee or agent for the benefit of others.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of supplementary information that further explains and supports the financial statements, and includes a comparison to the County's budget for the year.

**Government -wide Financial Statements**

The government -wide financial statements are designed to provide readers a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Rio Grande County's assets, liabilities, and deferred inflows of resources, with the difference between them reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating. To assess the County's overall health, you need to consider additional non-financial factors such as changes in the County's property tax base and the condition of County buildings and other facilities.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

Both of the government -wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities). Included in governmental activities are most of the County's basic services such as regular government operations such as law enforcement, tax assessment and collection, social service programs, highway maintenance and construction.

**Fund Financial Statements**

The fund financial statements provide more detailed information about the County's funds, focusing on its most significant or "major" funds, not the County as a whole. Funds are accounting devices the County uses to track specific sources of funding and spending on particular programs. The County, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The County's funds are divided into two categories: governmental funds and fiduciary funds. Governmental Funds are further divided into Governmental Activities which includes: General Government, Public Safety, Health and Welfare, Highways and Streets, Judicial, Auxiliary Services and Culture and Recreation.

*Governmental Funds:* All of the County's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) balances remaining at year-end which are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps determine financial resources that may be available in the near term to finance the County's programs. Because this

**Rio Grande County  
Management's Discussion and Analysis (Continued)  
For the Year Ended December 31, 2013**

information does not encompass the long-term focus of the government-wide statements, the reconciliations on Pages 15 and 17, explain the relationship (or differences) between them.

Rio Grande County maintains nine individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the (1) General Fund, (2) the Road and Bridge Fund, (3) the Social Services Fund, (4) the Capital Projects Fund, (5) Weed Control District Fund, (6) the Airport Fund, (7) the Conservation Trust Fund, (8) the Tourism Fund, and (9) the Public Health Agency Fund. Data from the Funds (4) through (9) are combined into a single, aggregated presentation.

*Fiduciary Funds:* Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The County is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents supplementary information. Supplementary information includes combining statements mentioned earlier in connection with non-major governmental funds as well as budget-to-actual information for all funds as dictated by state law.

**Government-wide Financial Analysis**

Property taxes, Sales Tax, and other taxes account for 23.9 percent (\$3,977,175) of the County's revenue. State and Federal funding and Grants contributes \$11,807,016 or 70.9 percent of the funding. The remainder from fees charged for services and miscellaneous sources equals to \$867,762 or 5.2 percent of the funding revenue.

**Rio Grande County

For the Year Ended December 31, 2013**

**Governmental Activities**

The County's expenses are distributed as follows:

General Government	15.9%
Public Safety	12.7%
Health and Welfare	52.9%
Highways and Streets	15.2%
Judicial	1.0%
Auxiliary Services	0.4%
Culture and Recreation	1.3%
Interest on Debt	0.6%

Rio Grande County has a mill levy of 15.568. The County is not allowed to increase this mill levy without voter approval. All the government functions rely heavily on property tax dollars. Without being able to increase the mill levy revenue which has remained flat for the last several years, unappropriated funds has been used to balance parts of the budget. Decreases in expenses occurred within General Government, Public Safety, and Health and Welfare. There were slight increases in Highways and Streets, Judicial and Culture and Recreation. Highways and Streets increase was due to the purchase of the grader, where the increase in Culture and Recreation was for the construction of the pavilion. All the other activities that decreased where due to the need to reduce expenditures to meet the reduction in revenues.

During 2013, Rio Grande County paid \$5,833,496.73 in salaries and fringe benefits. The employees received a two-percent merit raise on their anniversary date. With the merit increase and the county contributing more toward the employee's health insurance due to a 9% premium increase, \$257,335.54 more was expended for salaries and fringe or a 4.6% overall increase.

The statement of activities provides the cost of program services and the related charges for services and grants offsetting those costs. Table 3 reflects each program's net cost (total cost less fees generated by the programs and intergovernmental aid provided for specific programs). The net cost shows the financial burden placed on the County's taxpayers by each of these programs.

**Rio Grande County  
Management's Discussion and Analysis (Continued)  
For the Year Ended December 31, 2013**

- λ Rio Grande County is the financial agent for the Homeland Security Grant for the San Luis Valley. These grants provide DTR communication equipment, training and exercises for all law enforcement, emergency medical, schools, and fire protection districts. During 2013, \$258,193 was expended down from \$290,932 in 2012. Federal funding for these grants is declining.
  
- λ \$7,899,926 was received from the State of Colorado and Federal Government for the operation of the Social Services programs such as TANF, Child Welfare, OAP, Single Entry Point, Child Care, IV-D and Fraud programs down from \$8,188,969 received in 2012.

**Financial Analysis of the County's Funds**

Information about the County's funds follows the government-wide statements. These funds are accounted for using the modified accrual basis of accounting. All governmental funds have total revenues of \$16,680,806 and expenditures of \$17,013,421. The net change in fund balance for the year was most significant in the County General Fund with a decrease of \$246,861. The Conservation Trust Fund had a decrease of \$21,668 and the Tourism Fund decreased by \$62,873. All remaining funds had an increased in their fund balances: Road & Bridge Fund, \$171,98; Social Services Fund, \$6,114; Airport Fund, \$14,903; Public Health Fund, \$59,778; Weed District Fund, \$13,777.

The County approved a budget in December, 2012, based on the needs of the various departments and the projected revenue. In December, 2013, the County revised the annual operating budget approved by the Board of County Commissioners in the prior year. The primary reasons for the Supplementary Budget were the receipt of various grants (Pavilion and SLV Trails grants) additional landfill closure costs, replacement of the courthouse roof and repair of the elevator. For Road & Bridge, the purchase of a grader required an amendment to the original budget. The Airport Fund received an additional Colorado Aviation Grant and the Tourism Fund expended more advertising dollars as a result of the West Fork Complex Fire.

**General Fund Budgetary Highlights**

The actual expenditures were \$1,785,875 below the supplementary budget. The total revenues were \$1,302,423 under estimated. The net result was the expenditures were \$246,861 more than the revenues.

The fund balance as of December 31, 2013 was \$3,599,721, compared to \$3,846,582 as of December 31, 2012.

**Road & Bridge Fund Highlights**

Road & Bridge Fund balance ended 2013 with an increase of \$171,938 due to less snow removal, personnel savings and decreased operating expenditures. Highway User's Fund Tax (HUFT) provided \$1,998,691 of the total actual revenue of \$2,675,194. The HUFT was down by \$179,642 from 2012.

The fund balance as of December 31, 2013 was \$4,518,769 compared to \$4,346,831 as of December 31, 2012.

**Rio Grande County  
Management's Discussion and Analysis (Continued)  
For the Year Ended December 31, 2013**

**Social Service Fund Highlights**

The Social Services Fund ended 2012 with an increase of \$6,114. Expenditures were \$2,119,930 less than projected. State funding sources were \$7,899,926 which resulted in increasing the fund balance to \$747,005.

The fund balance as of December 31, 2013, was \$747,005 compared to \$740,891 as of December 31, 2012.

**Non-Major Funds Highlights**

Non-Major Funds include the Airport Fund, Conservation Trust Fund, Tourism Fund, Capital Projects Fund, Public Health Agency Fund, and the Rio Grande County Weed Control District. These funds realized a \$3,917 increase in fund balance during 2013. The Weed Control District Fund had an increase of \$13,777; \$59,778 in the Public Health Agency Fund; and the Airport Fund, \$14,903. The Tourism Fund decreased their fund balance by \$62,873 and the Conservation Trust Fund decreased by \$21,668.

As of December 31, 2013, the fund balances were as follows: Conservation Trust Fund - \$254,678; Tourism Fund - \$196,280; Capital Projects Fund - \$8,180; Public Health Agency Fund - \$321,000; Rio Grande County Weed Control Fund - \$209,266; and Airport Fund, \$154,730.

**Capital Assets and Debt Administration**

By the end of the fiscal year 2013, the County had \$2,508,286 of additional capital assets, which included building improvements, new road construction, one sheriff's vehicle, a vehicle for the Assessor's Office, a grader for Road & Bridge Fund, and runway and taxi way lights and an AWOS System for the Airport, and a sprayer for the Weed Control District. There were deletions of \$257,973 of vehicles and equipment which gave net position before depreciation of \$69,439,590. The depreciation for 2013 was \$1,536,018, bringing the County's Net Capital Depreciation to \$28,982,866. This brings the Net Capital Assets to \$40,890,025.

In order to finance the needed expansion of the County Jail, Rio Grande County entered into an annually renewable Lease Purchase Agreement with San Luis Valley Federal Bank. The bank issued \$2,500,000 for the purchase of the McCallister Building, the Annex, and two county shop buildings.

**Rio Grande County  
Management's Discussion and Analysis (Continued)  
For the Year Ended December 31, 2013**

The county is leasing the buildings back via the Lease Purchase Agreement at 4.5% interest. This agreement is for 20 years with an annual payment of \$191,328.27. The outstanding balance at December 31, 2012 and 2013 was \$1,857,108 and \$1,749,147 respectfully .

A Lease Purchase Agreement was entered into between All American Investment Group, LLC, as lessor, and the County as lessee in the amount of \$367,062 with an interest rate of 2.5% on November 20, 2012 to purchase energy efficient components for the County buildings. Repayment began in April 2013 and quarterly thereafter from the General Fund. This Lease Purchase Agreement will be completed in 2025. The outstanding balance at December 31, 2013 was \$331,033.

**Factors Bearing on the County's Future**

At the time these financial statements were prepared and audited, the County was aware of the following existing circumstances that could significantly affect its financial health in the future.

- λ Rio Grande County has seen a slight increase in assessed value.
- λ Sales tax decreased \$76,895 from 2012 to 2013 or 9.5%.
- λ Interest on investments decreased \$41,001 from 2012 to 2013 (37.5%).
- λ With the West Fork Complex Fire during 2013, the tourism economy in Rio Grande County dropped considerably as shown in the decrease of 9.5% in sales tax. Compiled with the economic climate in the United States, the County is continuing to watch closely the intergovernmental funding. During 2013, the County received \$1,490,117 (10.7%) less in state and federal funding. The 2013 County Budget was funded by 69.3% Intergovernmental Revenue s; with 23.7% from Property Tax, Sales Tax, Lodging Tax, and Specific Ownership Tax; and 7% from Other Local Revenue . Over the past three years, the county has continued to monitor closely the expenditures and revenues in order to respond timely to any shortfalls. 2013 ended in surplus funds in several fund due to reduced in expenditures. The county continues to fight the trend of shifting costs from the State to the County. The General Fund continues to be a major concern due to the reduction in revenues and increase costs that can only be reduced by cutting employees and programs.
- λ There continues to be pressure from citizens for more of the county roads to be paved. The Commissioners will continue to work on these requests as funds allow.

Amounts reported for governmental activities in the Statement of Activities  
are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the activity for the current period.

Fixed Asset Additions	\$ 1,945,881

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Debt activity is as follows:

Lease Proceeds	(250,910)	
Lease Payments	<u>144,726</u>	(106,184)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

**RIO GRANDE COUNTY, COLORADO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**December 31, 2013**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting and reporting policies of Rio Grande County (the County) reflected in the accompanying financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Accounting principles generally accepted in the United States of America for local governments are those promulgated by the Governmental Accounting Standards Board (GASB) in *Governmental Accounting and Financial Reporting Standards*.

**REPORTING ENTITY**

*Primary Government*

The County is a political subdivision organized under the statutes of the State of Colorado. The County is governed by a three-member Board of County Commissioners (the Board). Each commissioner is elected at-large by the voters of the County to represent one of the three separate districts and must reside in the district for which he or she is elected. There are also six other elected officials - assessor, clerk and recorder, coroner, sheriff, district attorney, and treasurer. The treasurer is also the County Public Trustee.

The County provides a wide range of services to its residents including general administration, public safety, highways and streets, health and social services, public improvements, planning, zoning, airport, and weed control.

*Component Units*

The County's combined financial statements include the accounts of all County operations. The criteria for including organizations as component units within the County's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- § The organization is legally separate (can sue and be sued in their own name)
- § The County holds the corporate powers of the organization
- § The County appoints a voting majority of the organization's board
- § The County is able to impose its will on the organization
- § The organization has the potential to impose a financial benefit/burden on the County
- § There is fiscal dependency by the organization on the County
- § The organization is financially accountable to the County
- § The organization receives or holds funds that are for the benefit of the County; and the County has access to a majority of the funds held; and the funds that are accessible are also significant to the County

Rio Grande County has operational responsibility and manages the Rio Grande County Weed Control District. The District is blended into the County's financial statements as a special revenue fund.

**GOVERNMENT -WIDE AND FUND FINANCIAL STATEMENTS**

The government-wide financial statements include the Statement of Net Position and the Statement of Activities. Government-wide statements report information on all of the activities of the County and its component units, except for County fiduciary activity. The effect of interfund transfers has been removed from the government-wide statements but continues to be reflected on the fund statements. Mainly taxes and intergovernmental revenues support governmental activities.

**RIO GRANDE COUNTY, COLORADO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**December 31, 2013**

The Statement of Activities reflects the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Program revenues include:

- § Charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and
- § Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included in program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants are recognized as revenue when all applicable eligibility requirements imposed by the provider are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Sales and use taxes, other taxes, charges for services, intergovernmental revenues, and interest are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

- § The *General Fund* is the general operating fund of the County. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- § The *Road and Bridge Fund* is a special revenue fund used to account for the maintenance and improvements of streets and highways. The sources of funds include property taxes, highway users fees, and other revenue sources.
- § The *Social Services Fund* is a special revenue fund used to account for the operations of social programs; i.e. Temporary Aid to Needy Families, Old Age Pension, Aide to the Blind, Aide to the Needy and Disabled, among others. Financing is provided by grants, allotments, and property tax revenue.

**RIO GRANDE COUNTY, COLORADO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**December 31, 2013**

Fiduciary fund financial statements consist of the Trust and Agency Fund established to record transactions relating to assets held by the County in a trustee capacity or as an agent for individuals, governmental entities, and non-public organizations. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated.

**ASSETS, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE**

*Cash*

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

*Investments*

All investments, if any, are recorded at fair market value.

*Property Taxes*

Property taxes attach as an enforceable lien on property as of January 1 each year. The taxes are payable in two installments on February 28 and June 15 or in full on April 30. The County Treasurer bills and collects all property taxes for the County. Property tax revenue is recognized by the County to the extent it results in a current receivable. The 2013 property tax levy due January 1, 2014, has been recorded in the financial statements as a receivable and a corresponding deferred inflow of resources in the financial statements.

*Inventories*

Inventory is valued at the lower of cost (last-in, first-out) or market. Inventory in the Road and Bridge Fund consists of expendable supplies held for use.

*Capital Assets*

Capital Assets, which include land, buildings and improvements, equipment, construction in progress, and infrastructure assets (e.g. roads, bridges, sidewalks, underground pipe, traffic signals, and similar items), are reported in the applicable governmental activities column in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$5,000. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Building and Improvements	20 - 100
Vehicles and Equipment	5 - 50
Infrastructure	40

**RIO GRANDE COUNTY, COLORADO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**December 31, 2013**

***Compensated Absences***

Annual leave may be accrued to the maximum of:

1st-10th year	21 days
11th-15th year	27 days
16th year and over	31 days

Upon separation from the County, an employee shall be paid for the amount of annual leave that he/she has accrued, subject to the limitation above. All vacation leave pay is accrued when incurred in the government-wide financial statements. A liability is reported in governmental funds only if they have matured, for example as a result of employee resignations or retirements.

***Unearned Revenue***

Revenues on grants, which are restricted by the grant document for specific purposes, are recognized as revenue only after eligible grant costs have been incurred. Grant funds received in excess of grant expenditures are recorded as unearned revenues.

***Deferred Inflows of Resources***

In addition to liabilities, the statement of net position reports a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time.

***Encumbrances***

The County does not record purchase orders in the accounting system until invoices are ready for payment. Unfulfilled purchase commitments outstanding at the end of the budget year are rebudgeted in the succeeding year. End of the year fund balance intended to be used in the succeeding year is reported as designated fund balance.

***Net Position***

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net position should be displayed in following three components:

- § *Net investment in capital assets* – consists of capital assets, net accumulated depreciation, reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt should be included in this component of net position.
- § *Restricted* – consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restricted assets consist of assets that have limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.
- § *Unrestricted* – consists of the net amount of assets, deferred outflows or resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

**RIO GRANDE COUNTY, COLORADO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**December 31, 2013**

***Fund Balance***

Fund balances are reported based on the extent to which the County is bound to honor constraints for the specific purpose on which amounts in the fund can be spent. Fund balances are classified in one of the five categories:

- § *Nonspendable Fund Balance* – are amounts that cannot be spent because they are not in spendable form—such as inventory and prepaid expense .
- § *Restricted Fund Balance* – are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.
- § *Committed Fund Balance* – are amounts that can only be used for specific purposes as a result of constraints imposed by resolution of the Board of County Commissioners , the highest level of decision making authority. Committed amounts cannot be used for any other purpose unless the Board removed those constraints by taking the same type of action. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- § *Assigned Fund Balance* – are amounts a government intends to use for a specific purpose; intent can be expressed by the Board of County Commissioners or by an official or body to which the governing body delegates the authority.
- § *Unassigned Fund Balance* – are amounts that are available for any purpose; these amounts are reported only in the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance/net position is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, and unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of County Commissioners has provided otherwise in its commitment or assignment actions.

***Use of Estimates***

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

**NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

***Budgets and Budgetary Accounting***

Rio Grande County follows the procedures set forth in the Colorado Local Government Budget Law when preparing the annual budget for each fund. Budget procedures include:

- § Preparation of budget documents by administrative staff, which shall be submitted to the Board no later than October 15 of each year.
- § Publication of a notice stating that the budget is available for public inspection.
- § Discussion of the budget in a meeting open to the public.
- § Adoption of the budget in a public meeting by appropriate resolution, no later than December 31.

Formal budgetary integration is employed as a management control device for all funds of the County. All budgets are adopted on a basis consistent with U.S. generally accepted accounting principles (GAAP).

**RIO GRANDE COUNTY, COLORADO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**December 31, 2013**

The total expenditures for each fund cannot exceed the budgeted amount unless a supplemental appropriation is adopted. The Board of County Commissioners adopted supplemental appropriations during 2013.

All budget amounts presented in the accompanying supplementary information reflect the original budget and the final amended budget.

**NOTE 3 CASH, DEPOSITS, AND INVESTMENTS**

A summary of Cash and Investments for the County are as follow:

Cash on Hand	\$ 729
Cash Deposited with Banks	3,508,884
Investments	6,699,274
Total cash, deposits, and investments: (Book Balance)	10,208,887
Less: amounts related to Trust & Agency Fund	(1,035,298)
Total cash, deposits, and investments on Statement of Net Position	\$ 9,173,589

***Cash and Deposits***

Colorado State Statutes govern the County's deposits of cash. The statutes specify eligible depositories for public cash deposits, which must be Colorado institutions and must maintain federal insurance (FDIC) on deposits held.

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized in accordance with the PDPA. PDPA allows the institution to create a single collateral pool for all public funds to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

***Custodial Credit Risk – Deposits***

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk. At December 31, 2013, \$2,260,727 was exposed to custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institutions through PDPA.

***Investments***

The County's investment policy and Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local government entities may invest. They include:

- § Obligations of the United States and certain U.S. government agency securities
- § Certain international agency securities
- § General obligation and revenue bonds of U.S. local government entities
- § Bankers' acceptances of certain banks
- § Commercial paper
- § Local government investment pools
- § Repurchase agreements
- § Money market funds

- § Guaranteed investments contracts
- § Corporate or bank debt issued by eligible corporations or banks

***Custodial Credit Risk - Investments***

The County's investment policy calls for investment diversification within the portfolio to avoid unreasonable risks inherent in over investing in specific instruments, individual financial institutions or maturities. The policy allows for the investment in local government investment pools. As of December 31, 2013, the local government investment pools (C-SAFE, ColoTrust, and CSIP) in which the County had invested were rated AAAM by Standard & Poor's.

<u>Investment Type</u>		<u>Moody's Rating</u>	<u>Fair Value</u>	<u>Up to 120 Days</u>	<u>121 Days to 5 Years</u>

CSIP	15%	1,001,055

***Interest Rate Risk***

Colorado Revised Statutes and the County's investment policy limit investment maturities to five years or less from the date of purchase. This limit on investment maturities is a means of limiting exposure to fair values arising from increasing interest rates.

The Colorado Government Liquid Asset Trust (ColoTrust) is an investment vehicle established for local government entities in Colorado, pursuant to Part 7 of Article 75 of Title 24 of the Colorado Revised Statutes, to pool surplus funds for investment purposes. ColoTrust operates similarly to a money market fund and each share is equal in value to \$1.00. The fair value of the position in the pool is the same as the value of the pool shares. The designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned by the pool are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the pool. Investments of the pools consist of U.S. Treasury bills, notes and note strips and repurchase agreements collateralized by U.S. Treasury Notes. Information on ColoTrust can be obtained at [www.colotruster.com](http://www.colotruster.com).

The Colorado Surplus Asset Fund Trust (C-SAFE) and Colorado Statewide Investment Program (CSIP) operate similarly to ColoTrust whereby the County acquires and redeems shares of the common law trusts as authorized by state statutes.

*Lease Purchase Agreements*

An annually renewable Lease Purchase Agreement, dated January 11, 2005, was entered into between San Luis Valley Federal Bank (the "Bank"), as lessor, and Rio Grande County (the "County"), as lessee. The bank issued \$2,500,000 to the County for the purchase of the McCallister Building, the Courthouse Annex, the Road and Bridge Shop Building, and the Road and Bridge Truck Garage. The County is leasing the building back via the Lease Purchase agreement at 4.50% interest. The County used the proceeds from the sale to construct and equip a new jail facility. Payments are due to the Bank in annual installments through October 2025, from the General Fund. The County can purchase the building back at any time for the Purchase Option Price included in the lease. The buildings are included in fixed assets at a cost of \$1,762,653 with accumulated depreciation of \$792,747. Principal balance at December 31, 2013, was \$1,749,147.

**RIO GRANDE COUNTY, COLORADO**

**December 31, 2013**

A Lease Purchase Agreement, dated November 20, 2012, was entered into between All American Investment Group, LLC, as lessor, and Rio Grande County (the "County"), as lessee, in the amount of \$367,062, with an interest rate of 2.50%. The County is drawing down the proceeds to purchase energy efficient components based on an energy efficiency audit on the County buildings. Quarterly payments of principal and interest are made from the General Fund through January 2023. Principal balances at December 31, 2013, was \$331,033.

The annual debt service for the Lease Purchase Agreements is as follows:

	PRINCIPAL	INTEREST	TOTAL

**NOTE 8 RETIREMENT**

*Pension Plans*

Rio Grande County participates in a defined contribution pension plan offered by Colorado County Officials and Employees Retirement Association (CCOERA). The County agrees to contribute a minimum of 4% and a maximum of 6% of the compensation of each employee. For 2013, the County contributed 4%. Each participant contributes an amount equal to the County's contribution. Participants may contribute an extra voluntary amount not to exceed 10% of their compensation. For the year ended December 31, 2013, employer and employee contributions were \$157,667 and \$157,667 respectively. Plan provisions and contribution requirements are established and may be amended by the Board of County Commissioners. That report may be obtained by writing to Colorado County Officials and Employee Retirement Association, 4949 South Syracuse, Suite 400, Denver, CO 80237 or by calling 1-800-352-0313.

*Deferred Compensation Plan*

The County also offers its employees an additional voluntary deferred compensation plan created in accordance with Internal Revenue Code 457(f). The plan permits the employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergencies. The County has no other liability other than to make the required monthly contribution.

**NOTE 9 TABOR AMENDMENT RESERVE**

Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local governments. The amendment is complex and subject to judicial interpretation. The County believes it is in compliance with the requirements of the amendment.

**RIO GRANDE COUNTY, COLORADO**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**December 31, 2013**

Fiscal year spending and revenue limits are determined based on the prior year's spending adjusted for inflation and local growth. The voters of the County passed a ballot issue in 1999 allowing the County to retain and expend all revenues collected in the year 2000 and thereafter, which do not involve any new taxes and or an increase in the existing mill levy, notwithstanding the limitations of section 29-1-301, C.R.S. and Article X, section 20 of the Colorado Constitution.

The amendment also requires that Emergency Reserves be established. These reserves must be at least 3% of fiscal year spending. The Emergency Reserve has been presented as a restriction of fund balance in the County funds and restricted net assets on the Statement of Net Position. The County is not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

**NOTE 10 COLORADO CONTRABAND FORFEITURE ACT**

We have reviewed financial activities in the Sheriff's Department for compliance with the above referenced act. There were no sales of contraband during the year ended December 31, 2013.

**NOTE 11 RISK MANAGEMENT**

***Colorado Counties Casualty and Property Pool (CAPP)***

The County is exposed to various risks of loss related to property and casualty losses. The County joined together with other counties in the State of Colorado to form the Colorado Counties Casualty and Property Pool (CAPP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CAPP for its property and casualty insurance coverage. The inter-governmental agreement of formation of CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention that is determined each policy year. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded insurance coverage for the current year or the three prior years.

At December 31, 2013, CAPP had assets of \$26,414,251, liabilities of \$9,495,033 (including \$7,083,319 reserved for losses and claims), and members' equity of \$16,919,218. The liability amount includes no long-term debt. Total revenues for the year ended December 31, 2013, amounted to \$6,784,711 and total expenses were \$5,663,444, resulting in net income before return of surplus of \$1,121,267.

***Colorado Workers' Compensation Pool (CWCP)***

The County is exposed to various risks of loss related to injuries of employees while on the job. The County has joined together with other counties in the State of Colorado to form the Colorado Workers' Compensation Pool (CWCP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CWCP for its workers' compensation insurance coverage. The intergovernmental agreement of formation of CWCP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention that is determined each policy year. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded insurance coverage for the current year or the three prior years.

The liability amount includes no long-term debt. Total revenues for the year ended December 31, 2013, amounted to \$11,043,303 , total expenses were \$7,586,753 , resulting in net income before return of surplus of \$3,456,550 .

**NOTE 12 JOINT VENTURES**

***SAN LUIS VALLEY REGIONAL SOLID WASTE AUTHORITY***

The San Luis Valley Regional Solid Waste Authority was created by an intergovernmental agreement between Rio Grande County and Alamosa County on April 14, 1995, pursuant to the authority granted by C.R.S. 29-1-203. It has been designated as a joint venture under the provisions of GASB Statement No. 14. Its purpose is to provide the citizens of both counties an integrated municipal solid waste disposal facility in accordance with provision of C.R.S. 30-20-1005.

The Authority is governed by a Board of Directors consisting of five members as follows: one Rio Grande County Commissioner, one Alamosa County Commissioner, one director appointed by the City of Monte Vista, one director appointed by the City of Alamosa, and one director who is a member of the Rio Grande County Land Use or administrative staff as appointed by the Rio Grande County Commissioners.

It is the intent of the counties that the initial funding of the Authority by each county be provided on a loan basis in substantially the same proportion that the population of each county bears to the combined population of both counties. Alamosa and Rio Grande Counties may provide additional funding at any time in the future if they choose to do so by resolution.

***Closure and Post-Closure Care***

Rio Grande and Alamosa Counties are exposed to closure and post-closure expenses, should the Authority be unable to meet those obligations when they become due. Management believes the risk of failure to be minimal. State and federal laws and regulations require the Authority to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Authority reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The Authority reported \$672,305 as landfill closure and post-closure care liability at December 31, 2013, that represents the cumulative amount reported to date based on the use of 28% of the estimated capacity of the landfill.

The Authority will recognize the remaining estimated cost of closure and post-closure care of \$1,691,335 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2013, the most recent information available. The Authority expects to close the landfill in the year 2043. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The most recent audited financial statements of the authority report total assets of \$4,225,060 , total liabilities of \$844,319, and net position of \$3,380,741 at December 31, 2013.

The San Luis Valley Regional Solid Waste Authority issues publicly available annual financial statements. That report may be obtained by writing to the San Luis Valley Regional Solid Waste Authority, PO Box 861, Monte Vista, Colorado 81144.

**NOTE 13 COMMITMENTS AND CONTINGENCIES**

***Grant Programs***

The County participates in a number of federal and state grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The amount of expenditures, if any, which may be disallowed by the granting agencies cannot be determined at this time although the County expects any such amounts to be immaterial.

***Litigation***

The County is a party to various legal actions normally associated with governmental activities, the aggregate effect of which, in management's and legal counsel's opinion, would not be material to its financial statements.

***Insurance Pools***

The County is a member of the Colorado Counties Casualty and Property Pool (CAPP) and the Colorado Workers' Compensation Pool (CWCP). CAPP and CWCP have a legal obligation for claims against its members to the extent that funds are available in their annually established loss funds and amounts are available from insurance providers under excess specific and aggregate insurance contracts. Losses incurred in excess of loss funds are direct liabilities of the participating members. CAPP and CWCP have indicated that the amount of any excess losses would be billed to members in proportion to their contributions in the year such excess occurs. The ultimate liability to the County resulting from claims not covered by CAPP and CWCP is not presently determinable.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**For the Year Ended December 31, 2013**

**NOTE 1 BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Rio Grande County, Colorado under programs of the federal government for the year ended December 31, 2013. The information in this Schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of Rio Grande County, Colorado, it is not intended to and does not present the financial position or changes in net position of Rio Grande County, Colorado.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *State and Local Governments*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND  
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Wall,  
Smith,  
Bateman Inc.

To the Board of County Commissioners  
Rio Grande County, Colorado  
Del Norte, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Rio Grande County, Colorado (the County), as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated May 23, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FOR EACH MAJOR PROGRAM AND ON INTERNAL  
CONTROL OVER COMPLIANCE REQUIRED BY  
OMB CIRCULAR A-133**

**Report on Compliance for Each Major Federal Program**

We have audited Rio Grande County, Colorado's (the County) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2013. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

***Opinion on Each Major Federal Program***

In our opinion, Rio Grande County, Colorado, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2013.

## Report on Internal Control Over Compliance

Management of the County, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
