Purpose

During the 13 weeks of job search, child care allows the parent the opportunity to have child care approved while out searching for a job. The client may be a current CCCAP participant who has lost their job or a new client applying for child care while trying to obtain a place of employment.

Policy

13 weeks of job search will be approved as an eligible activity for a parent who enrolls in the child care program, or loses employment while enrolled in the child care program. Any day used in a week is considered one week used toward the time limited activity. Child care will be determined based on the best interest of the parent and/or child(ren). While parent is in the eligibility status, children must attend daycare as scheduled on a regular basis during the 13 weeks of job search.

Procedure

County will authorize child care for a maximum of 13 weeks while the parent(s) looks for employment.

Job search is tracked, through the CHATS program.
